Metropolitan Wastewater Department's April 30, 2008, Executive Summary Sheet

COUNCIL COMMITTEE CONSULTANT

EXECUTIVE SUMMARY SHEET

DATE REPORT ISSUED:	April 30, 2008	REPORT NO.:
ATTENTION:	Council President and City Council	
ORIGINATING DEPARTMENT:	Metropolitan Wastewater Department	
SUBJECT:	Pipeline Rehabilitation Phase H-1 Advertise and Award	
COUNCIL DISTRICT(S):	2, 3 and 4	
STAFF CONTACT:	Tung Phung (858) 292-6425	

REQUESTED ACTION:

Approve plans and specifications and authorize advertising for bids for the construction of the Pipeline Rehabilitation Phase H-1 Project.

Authorize Mayor, or his designee, to execute a contract with the lowest responsible bidder.

STAFF RECOMMENDATION:

Adopt the resolution.

EXECUTIVE SUMMARY:

The Metropolitan Wastewater Department (MWWD) is requesting authorization to advertise, bid, and award a contract to the lowest responsible bidder, for the Pipeline Rehabilitation Project Phase H-1. This contract is the sixth in a series of MWWD contracts to meet the EPA requirements to rehabilitate sewer pipeline.

000458

MWWD has inspected and assessed aging sewer mains under a separate Closed Circuit Televising (CCTV) contract and identified the need to rehabilitate a large number of deteriorated sewer mains. This project will rehabilitate approximately 10.72 miles of this pipe (0.89 mile Council District 2; 6.14 miles Council District 3; and 3.69 miles Council District 4) ranging in size from 6-inch to 15-inch diameter. Predominantly, the pipeline rehabilitation will be accomplished by installing liners inside the pipe using trenchless construction methods. All service lateral connections will be sealed between the liner and the host pipe. Approximately 100 manholes will be rehabilitated, some of which will require surface excavation. Approximately 40 end-of-line clean-outs will be installed to allow liner installation of sewer main that currently have plugged ends. All work will be located within existing City right-of-ways and easements. Work will be accomplished in various locations throughout the City.

This contract will help meet EPA requirements to reduce sewer spills while reducing maintenance costs and extending the service life of aging sewer mains. The use of trenchless technology is faster, less expensive, and less disruptive to the community than the excavation and replacement method.

Equal Opportunity Contracting Program (EOCP)

Funding Agency: City of San Diego – Prevailing wages do not apply to this contract.

Goals: 10% Mandatory Subcontractor Participation Goal, 3% Advisory Participation Goal Disadvantaged Business Enterprise (DBE), 1% Advisory Participation Goal Disabled Veteran Business Enterprise (DVBE), 6% Advisory Participation Goal Other Business Enterprise (OBE).

Other: Prior to award, a workforce report, and if necessary, an Equal Opportunity Plan shall be submitted. Staff will monitor the Plan and adherence to the Nondiscrimination Ordinance. EOC staff will evaluate the bidder's compliance with SCOPE. Failure to comply with SCOPE will lead to the bid being declared non-responsive. This contract will be advertised for bids in the San Diego Daily Transcript, the City of San Diego's website, and the E-Bid Board. In addition, once implemented, the Bidder's Registration Program will notify registered participants of bid opportunities. Prior to implementation of the Bidder Registration Program, the City will notify trade associations and eligible firms via fax and/or e-mail.

FISCAL CONSIDERATIONS:

The total cost of this action is \$7,618,478 and will be available in Fund 41506, CIP 46-050.0, Annual Allocation - Pipeline Rehabilitation, Phase H-1 project, contingent upon the approval of the FY09 Capital Improvement Program and Appropriation Ordinance. The project costs may be bond reimbursed approximately 80% by current or future debt financings. An Auditor's Certificate will be issued prior to contract award.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

This item will be reviewed by Natural Resources & Culture Committee on May 28, 2008.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:

Letters will be sent out to the community prior to construction phase.

DETERMINATION OF: ENVIRONMENTAL EXEMPTION

Pursuant to The California Environmental Quality Act (CEQA) and State CEQA Guidelines

Agency: CITY OF SAN DIEGO 000461 LDR NO.: N/A

DATE: May 7, 2008

Action/Permit(s): CEQA Determination

Permit No: N/A

Description of Activity: Sewer Pipeline Rehabilitation Project "Phase H-1". The project proposes to clean, televise, and rehabilitate approximately 10.7 miles of existing sewer pipelines, located on multiple streets and sewer easements within numerous Community Planning Areas. The majority of pipeline segments to be cleaned, televised, and rehabilitated are located within the street right-of-way. Segments which are located outside of the right-of-way would be accessed 1) via manholes in rights-of-way; 2) accessed via manholes outside of the right-of-way in non-sensitive areas (i.e. ornamentally landscaped property); or 3) using existing trails and access paths causing no disturbance to surrounding environmentally sensitive lands. All segments would be rehabilitated by utilizing "slip-lining" technology.

Two methods of slip-lining (cured in place pipe (CIPP) and Ribloc) may be used for this project, both utilizing existing manholes and/or potential cleanouts. Both methods require access to two manholes for each pipe segment. CIPP is to install a resin impregnated felt tube in the existing pipe and curing through a unique process. The resin is hardened to form a structurally sound pipe within a pipe. Ribloc, spiral wound pipe liner rehabilitation product is pulled through the existing sewer main as plastic strips and then formed a structurally sound pipe within the pipe.

Where a sewer segment lacks one of the required manholes, a cleanout shall be installed. Forty (40) cleanouts are proposed for installation and will occur only within non-sensitive areas. The installation of cleanouts involves excavating a five-foot wide by five-foot long area from the ground surface to the existing pipeline, within existing pipeline trenches and previously disturbed soil.

Internal and/or external point repairs shall occur in portions of pipe that require repair (i.e. due to offset joints, sags, or intruding laterals). Internal point repairs involve similar methods as the rehabilitation and are contained solely within the pipe. Forty (30) sewer segments require external point repairs. External point repairs involve excavation of an area five feet wide from the ground surface to the existing pipeline. The length of excavation depends on the length of the segment in need of repair. Excavation of the area would occur within the existing pipeline trenches and previously disturbed soil. No disturbance of native soils is proposed. No trenching would occur outside previously disturbed soils. No disturbance to native vegetation is proposed.

Location of Activity: The work will be located on multiple streets and sewer easements city-wide in San Diego, California. Please see attached table for location details.

☐ This activity is EXEMPT FROM CEQA pursuant to:

☐ Section 15061(b)(1) of the State CEQA Guidelines (the activity is not a project as defined in Section 15378).

☐ Section 15061(b)(3) of the State CEQA Guidelines ("General Rule").

2. ☒ This project is EXEMPT FROM CEQA pursuant to State CEQA Guidelines Section checked below:

EXECUTIVE SUMMARY SHEET

REPORT
NO.:

DATE REPORT ISSUED: April 30, 2008

ATTENTION: Council President and City Council

ORIGINATING DEPARTMENT: Metropolitan Wastewater Department

SUBJECT: Pipeline Rehabilitation Phase H-1 Advertise and Award

COUNCIL DISTRICT(S): 2, 3 and 4

STAFF CONTACT: Tung Phung (858) 292-6425

REQUESTED ACTION:

Approve plans and specifications and authorize advertising for bids for the construction of the Pipeline Rehabilitation Phase H-1 Project.

Authorize Mayor, or his designee, to execute a contract with the lowest responsible bidder.

STAFF RECOMMENDATION:

Adopt the resolution.

EXECUTIVE SUMMARY:

The Metropolitan Wastewater Department (MWWD) is requesting authorization to advertise, bid, and award a contract to the lowest responsible bidder, for the Pipeline Rehabilitation Project Phase H-1. This contract is the sixth in a series of MWWD contracts to meet the EPA requirements to rehabilitate sewer pipeline. 000472

MWWD has inspected and assessed aging sewer mains under a separate Closed Circuit Televising (CCTV) contract and identified the need to rehabilitate a large number of deteriorated sewer mains. This project will rehabilitate approximately 10.72 miles of this pipe (0.89 mile Council District 2; 6.14 miles Council District 3; and 3.69 miles Council District 4) ranging in size from 6-inch to 15-inch diameter. Predominantly, the pipeline rehabilitation will be accomplished by installing liners inside the pipe using trenchless construction methods. All service lateral connections will be sealed between the liner and the host pipe. Approximately 100 manholes will be rehabilitated, some of which will require surface excavation. Approximately 40 end-of-line clean-outs will be installed to allow liner installation of sewer main that currently have plugged ends. All work will be located within existing City right-of-ways and easements. Work will be accomplished in various locations throughout the City.

This contract will help meet EPA requirements to reduce sewer spills while reducing maintenance costs and extending the service life of aging sewer mains. The use of trenchless technology is faster, less expensive, and less disruptive to the community than the excavation and replacement method.

Equal Opportunity Contracting Program (EOCP)

Funding Agency: City of San Diego – Prevailing wages do not apply to this contract.

Goals: 10% Mandatory Subcontractor Participation Goal, 3% Advisory Participation Goal Disadvantaged Business Enterprise (DBE), 1% Advisory Participation Goal Disabled Veteran Business Enterprise (DVBE), 6% Advisory Participation Goal Other Business Enterprise (OBE).

Other: Prior to award, a workforce report, and if necessary, an Equal Opportunity Plan shall be submitted. Staff will monitor the Plan and adherence to the Nondiscrimination Ordinance. EOC staff will evaluate the bidder's compliance with SCOPE. Failure to comply with SCOPE will lead to the bid being declared non-responsive. This contract will be advertised for bids in the San Diego Daily Transcript, the City of San Diego's website, and the E-Bid Board. In addition, once implemented, the Bidder's Registration Program will notify registered participants of bid opportunities. Prior to implementation of the Bidder Registration Program, the City will notify trade associations and eligible firms via fax and/or e-mail.

FISCAL CONSIDERATIONS:

The total cost of this action is \$7,618,478 and will be available in Fund 41506, CIP 46-050.0, Annual Allocation - Pipeline Rehabilitation, Phase H-1 project, contingent upon the approval of the FY09 Capital Improvement Program and Appropriation Ordinance. The project costs may be bond reimbursed approximately 80% by current or future debt financings. An Auditor's Certificate will be issued prior to contract award.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

This item will be reviewed by Natural Resources & Culture Committee on May 28, 2008.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:

Letters will be sent out to the community prior to construction phase.

SECTION 11- PREPARATION OF: RESOLUTIONS, ORDINANCES, ETC. (CONTINUED):

2. Authorizing the expenditure of \$7,618,478, from Sewer Fund 41506, CIP 46-050.0, Annual Allocation Pipeline Rehabilitation, for the Phase H-1 project construction and related cost, contingent upon the approval of the Fiscal Year 2009 Capital Improvement Program and Appropriation Ordinance and provided that the City Auditor first furnishes one or more certificates demonstrating that the funds necessary for expenditure under established contract funding are, or will be deposited in the City treasury, and authorizing the Auditor and Comptroller, upon advise from the administering department, to transfer excess budget funds, if any, to the appropriate reserves.
3. Authorizing the Mayor, or his designee, to execute a contract with the lowest responsible bidder, provided that the City Auditor first furnishes a certificate demonstrating that the funds necessary for expenditure under said contract are, or will be, on deposit in the City treasury.

RESOLUTION NUMBER R-_____

DATE OF FINAL PASSAGE _____

A RESOLUTION OF THE CITY COUNCIL APPROVING PLANS AND SPECIFICATIONS; AUTHORIZING AWARD OF PUBLIC WORKS CONTRACT; AND TAKING RELATED ACTION IN CONNECTION WITH SEWER PIPELINE REHABILITATION PROJECT, PHASE H-1.

BE IT RESOLVED, by the Council of the City of San Diego, as follows:

1. That the plans and specifications for construction of the Sewer Pipeline Rehabilitation, Phase H-1 Project, filed in the office of the City Clerk as Document No. _____, are approved.

2. That after advertising for bids in accordance with law, the Mayor or his designee is authorized to award the above project contract to the lowest responsible and reliable bidder in an amount not to exceed \$6,672,083; provided that the City Auditor and Comptroller furnishes one or more certificates demonstrating that the funds necessary for expenditure under this contract are, or will be, on deposit in the City Treasury.

3. That the expenditure of an amount not to exceed \$7,618,478 from Sewer Fund No. 41506, CIP 46-050.0 Annual Allocation – Pipeline Rehabilitation, is authorized, solely and exclusively to provide funds for project construction and related costs; contingent on Council approval of the project in the Fiscal Year 2009 Capital Improvement Program budget and the Appropriation Ordinance and provided the City Auditor and Comptroller furnishes one or more certificates demonstrating that the funds necessary for expenditure under established contract funding are, or will be, on deposit in the City Treasury.

4. That the City Auditor and Comptroller is authorized to transfer excess budgeted funds, if any, to the appropriate reserves on advice from the administering department.

5. That the above activity is categorically exempt from the California Environmental Quality Act pursuant to CEQA Guidelines section 15301(b), as the maintenance of existing sewer facilities.
